Rumania Not Under Dictatorship

BUCHAREST, June 28 (Reuter)—The Finance Minister to-day declared that Rumania would spend twice as much on armaments this year, amounting to £36,000,000, as compared with £18,500,000 last year.

The Foreign Minister, M. Gafencu, defended the administration and denied that the country was under a dictatorship.

He added that the country was weak last year at the time of the crisis but now Rumania can hold the balance of power.

LISBON TRIAL JUDGMENT

LISBON, June 28 (T.Ocean)—Judgment was at last delivered to-day in the case of various former Portuguese ministers and high officers who were involved in the uprising against the Portuguese Government in 1931. Of the 60 accused persons, 35 were found guilty of attempting to overthrow the Government by force.

Twenty were sentenced to terms of banishment varying between two and eight years, eleven to imprisonment varying between eleven and fifteen months, while four were condemned to substantial fines.

GERMAN DENIALS

BERLIN, June 28 (Reuter)—The German authorities denied a Warsaw report that a German military plane was shot down in Polish territory after a warning shot had been fired at the machine. The authorities also denied a report that hundreds of Polish Jews had been expelled from Germany.

U.S. SILVER POLICY BEWILDERS

MARKET LIKELY TO REMAIN MOST NERVOUS

LONDON, June 28 (Reuter)—"I am completely bewildered by the news from the United States," remarked a prominent London bullion broker, interviewed by Reuter, commenting on last night's reduction in the United States purchase price for foreign silver.

While silver circles generally regarded the situation for white metal as most confused, some are inclined to interpret yesterday's action by Washington as aimed at bringing their buying price more to conformity with London, possibly in order to avoid the accusation that the United States Treasury is purchasing above the world price.

Meanwhile, it is asserted that the most important factor remains the question of what will happen after the end of June as far as American purchases of foreign silver are concerned, and until such time, the market is likely to remain most nervous and most sensitive.

CHALLENGE WILL BE TAKEN UP IF JAPANESE PERSIST

Hope For Settlement In Tientsin: British Patience Not Inexhaustible

NEGOTIATIONS OPENING IN TOKYO

LONDON, JUNE 28 (REUTER)—"JAPAN HAS CHOSEN, PARTICULARLY DURING THE LAST FEW WEEKS, TO CHALLENGE THE BRITISH ATTITUDE TOWARDS CHINA AND TO ATTEMPT TO DESTROY BRITISH INTERESTS," SAYS "THE TIMES."

"If the challenge persists," it adds significantly, "it will be taken up. Japan is more vulnerable than most nations to economic pressure. Her newly built industries depend almost entirely on imports from abroad—very largely from different parts of the British Empire and almost wholly from countries which have important interests in China and might be willing to join a policy, initiated by London, aiming at the limitation of exports to Japan."

"Fortunately, however, there is no reason to believe that the Japanese Government will drive matters to this extreme."

"It may be well to point out that if war did come, the long trade routes of Japan could be open to attack without it being necessary to employ very much larger naval and aerial forces than those already available, and that Japanese communications with China are also most vulnerable."

"There is an earnest hope that a settlement will be reached, but the patience of the British public is not inexhaustible," concludes the paper.

NEGOTIATIONS TO OPEN

TOKYO, June 28 (Reuter)—The Foreign Office announced to-day that in response to the British proposal, the Japanese Government has agreed to the opening of negotiations in Tokyo, with a view to solving various matters relating to the present situation in Tientsin.

The announcement added that the Japanese officials concerned in the Tientsin affair have been summoned to Tokyo to take part in the conversations.

A spokesman of the Foreign Office stated that communications will be issued simultaneously in Tokyo and London to-day on the conversations to be initiated here regarding the Tientsin question.

"Reuter" understands that Major G. A. Herbert, British Consul at Tientsin, is coming to Tokyo to participate in the conversations.

BIG FOOD SUPPLY

TIENTSIN, June 28 (Reuter)—The biggest shipment of food supplies for many days entered the British Concession this morning. Conditions at the barriers have improved, but queues of Chinese are still waiting to pass over, although searching is less intense.

A Reuter message from The Hague states that the Netherlands Government has passed legislation for increase in the defence expenditure by 23,500,000.

New Zealand Prepared For War Basis

WELLINGTON, June 28 (Reuter)—Lord Galway, Governor-General of New Zealand, opened Parliament to-day and described the extensive preparations made by the civil and military authorities to enable the country to turn, without unnecessary confusion, to a war basis.

Lord Galway said that a further programme of naval development had been inaugurated and reserves in oil and fuel stores, were increased.

Land forces were being raised and the air force was being extended.

S.P.C.A. ANNUAL MEETING

H.K. PUBLIC OPINION APATHETIC TO CRUELTY TO DOMESTIC ANIMALS

"WE AS A SOCIETY CANNOT GO FAR AHEAD OF PUBLIC OPINION, AND I FEAR THAT PUBLIC OPINION IN HONGKONG IS APATHETIC TO PUT IT MILDLY, ABOUT CRUELTY TO DOMESTIC ANIMALS. The only sound remedy is education, and I do earnestly appeal to all who are charged with the most responsible duty of educating the young to inculcate in and out of season the duty and pleasure which lie in kindness to animals," remarked the Chief Justice, Sir Athol MacGregor, when he presided at the annual meeting of the Society for the Prevention of Cruelty to Animals yesterday.

Others present at the meeting were Mr. M. J. Abbott, Mr. and Mrs. F. H. Loseby, Mr. N. Perrin, Mr. R. Pestonji, Mr. R. Dormer, Mr. Rees Harris,

Mrs. Willson, Mrs. Leiper, Mrs. Smalley, and Mrs. Guinness. Presenting the annual report, Sir Athol said, in part:—

The accounts, despite the many other and more urgent calls on the charity of the public are most gratifying. On our working account, including the Dogs' Home, our income exceeded our expenditure by £1,784, and I would remind you that good as is our financial position as shown in our Balance Sheet with £10,000 on fixed deposit and £7,333 cash in hand against indebtedness of only \$525 our real position is even better, for the cost of the buildings at the Dogs' Home have been completely written off.

Though every care has naturally been taken to curtail expenditure the savings we have been able to effect have not diminished the activities of the Society or impaired the work for which we exist—to stamp out cruelty to animals.

GREAT PROGRESS

On the contrary, though some of our main objects, such as the conditions under which livestock, particularly pigs, is carried to the Colony have had to be deferred until conditions are more normal, we have been able during the year under review to progress greatly in other directions.

The new legislation for the licensing and control of bird-shops is a real achievement, and the supervision which the officers of the Urban Council will now be able to give to these shops will be long-erased a real blot which has long disfigured the fair face of Hongkong. Conditions in the New Central Market will inevitably improve the conditions under which livestock is kept, while our regular inspection of restaurants and eating houses continued to do much to alleviate unnecessary suffering.

Cinemas in New South Wales will be required to show at least 15 per cent. of British films in their programmes as from next month, says a Reuter message.

Governor On Anglo-American Viewpoint On China

DISTINGUISHED GUESTS AT CHINESE-AMERICAN INSTITUTE LUNCHEON

Remarks stressing the existence of Sino-American and Anglo-American friendship and goodwill, and Anglo-American co-operation were made in the course of speeches by His Excellency the Governor, Sir Geoffrey Northcote, and the Hon. Sir Shouson, Chow at the largely-attended second luncheon meeting of the Chinese-American Institute of Cultural Relations, held in the Roof Garden of the Hongkong Hotel yesterday.

Sir Shouson presided, and His Excellency was guest of honour, heading a list of distinguished people present.

In concluding his speech, which was received with prolonged applause, His Excellency said: "So it is that as Patron of the Sino-British Association" (reference to which had previously been made both by the Chairman and by His Excellency earlier on in his address) "I have not only to thank you for the honour you have done me in numbering me amongst your guests to-day, but I seize the opportunity also to express very confidently my hope and belief that the Sino-

British Association will always find itself marching side by side with the Sino-American Institute in order to secure the ideals which the three nations are proud to share."

DEATH OF MR. FRANK TATE

Former Director Of Education In Victoria

LONDON, June 28 (Reuter)—The death has occurred of Mr. Frank Tate, C.M.G., I.S.O., M.A. President of the Australian Council for Educational Research and a former Director of Education, Victoria, from 1902 to 1923.

Born in Castlemaine, Victoria, on June 18, 1863, he was educated at the Model School, Melbourne, and Melbourne University.

He entered the service of the Education Department as a pupil teacher in 1877. Mr. Tate became Inspector of Schools and was attached to the Training College as Lecturer.

He was Statutory President of the Council of Public Education from 1911 to 1923 and a Member of the University Council from 1903 to 1931. He acted on Royal Commissions on Education in New Zealand, Fiji and Southern Rhodesia.

Cinemas in New South Wales will be required to show at least 15 per cent. of British films in their programmes as from next month, says a Reuter message.

British Press Hopes There Will Be No Return To Policy Of Appeasement

LONDON, June 28 (Reuter)—Guarded welcome, strongly tinged with suspicion, describes the attitude of the British press towards Japan's agreement to negotiations in Tokyo.

Vernon Bartlett in the "News-Chronicle" says: "From countries as widely apart as the United States, India and New Zealand, I have heard authoritative warning of the extremely damaging effect of any revival of appeasement in the Far East. Nevertheless it is in no way certain that appeasement is not planned."

The absence of public Japanese apologies for the outrages on British citizens inevitably leaves all Eastern countries under the mistaken impression that the British have resigned themselves to Japanese domination in China.

The "Manchester Guardian" says the Japanese are certain to try how far the British Government can be pushed in other points, such as the currency in North China, and one hopes there will be no return to the policy of appeasement which will only give temporary relief.

The "Daily Herald" writes that the question is what kind of co-operation do the Japanese visualize? If they put forward demands which impinge the autonomy of the concession and submit its inhabitants to de facto control by the Japanese garrison then acceptance is out of the question. So in the economic sphere demands for recognition of the Federated Reserve Bank currency and surrender of \$50,000,000 silver are out of the question.

The "Daily Telegraph" says that "traffic restrictions," as Lieut.-Gen. Homma euphemistically describes the Tientsin blockade, remain the principal object of Japanese policy. Traffic restrictions are being placed with a vengeance upon Western Powers. It would appear in time that the possibility of restricting Japanese economic traffic in our own Empire be brought to the foreground of any negotiations. Mr. W. J. Phillips in a letter to "The Times" stresses the number of Oriental communities under British rule in Hongkong, Malaya, North Borneo, Sarawak, etc., and the disastrous effect on them owing to the British Government's continued failure to protect Britons in Tientsin against indignities and humiliations by the Japanese. Lord Elibank will ask a question in the House of Lords to-day on the danger of delay in relieving the position in Tientsin and what may arise from further intransigent indignities to British subjects.

DEATH FOLLOWS FALL FROM LADDER

COUGH STREET TRAGEDY

A man lost his life last night when he slipped from a ladder. Tung Kwan, 48, broker, was cooling himself on the roof of No. 45 Cough Street, when a sudden drizzle about 10 p.m. forced him to seek shelter.

As he was descending the wooden ladder, however, he slipped and fell against a heavy beam. When picked up he was already dead.

A report was made by his wife to the Central Police Station, and the body was removed to the mortuary for a post-mortem to ascertain the cause of death. There were no visible injuries, it was learned.

FALSE REPORT

A young student who reported at No. 7 Police Station that he had been robbed of \$10 and a pair of spectacles about noon yesterday was later found to have made a false report.

BASEBALL NOTES:

LAST WEEK-END'S GAMES: MINDANAO TROUNCE SOUTH CHINA: RECORD CROWD

(By "B.O.Y.")

In contrast to the small gathering that braved the afternoon heat to witness the Club-Recreio game on Saturday, a record crowd of rabid baseball fans filled the grandstand to overflowing when the Union Brewers took the Chinese Baseballers, 5-2, on Sunday morning.

The paying customers went home satisfied with the entertaining battle in the opener, although the night-cap, between Mindanao and South China proved to be something of an anticlimax, with the sluggish sailors climbing all over their opponents to run out on the long end of the 12-5 score.

The Hongkong Baseballers went down by 10 runs to 2, and with this defeat have lost all hope of finishing the season out of the cellar position, although they may be able to account for South China who are a game ahead.

The Club fielders gave an improved display to commit only four bobbles as against 10 in their previous outing, but their stick-work was so weak that the Portuguese boys were given their easiest time in the field this season.

Ernie Hatcher started on the mound but, although striking out four, was so erratic that he allowed 6 walks and unleashed 3 wild pitches to concede the winners 4 tallies on no hits in the first two frames.

Larry Lawrence took over in the third, but met with plenty of trouble in the last two stanzas, when the Portuguese bunched 3 safeties in each of those frames to garner five counters.

Spotty Pereira did not have to go all out to hold the Club to a meagre 3 hits. Eddie Carvalho made an impressive debut at the initial sack while Marques took batting honours with 2 bingles which drove in 3 markers.

SUPERB HURLING
Highlight of the U.S.-Chinese game, was the superb hurling of Earl Wong for the losers.

Earl started shakily, with Wally Ching receiving, and issued four free passes in the first two frames. How expensive those passes turned out to be is shown by the fact that three of the four lucky batters, eventually crossed the plate.

Nip Lum was switched to the receiver's position in the second stanza and immediately steadied Earl who fanned Souza and Abbas to end the inning. Earl Wong's 10 strike-outs were registered against George Souza (2), Abbas (2), Mohd'n Arculli (2), Ali (2), Terry Leonard and Hal Wing Lee. Arculli pitched his usual steady

THIS WEEK'S MATCHES

CIVIL SERVICE'S FIRST CHANCE

(By "Jack Hy")

If ever the Civil Service C.C. have a chance of securing their first two points it will be this Saturday when they will be at home to the Kowloon Dockers. The latter have played altogether six matches of which they have won one, drawn one and lost all the rest.

But much as I dislike to discourage the Civil Servants, their task will be none too easy in view of the ease with which the Dockers team disposed of the Police last week.

Recreio "A" are down to play the Kowloon Bowling Green Club at Austin Road. The latter will have to be at their very best to surprise the Champions who are the only team in the League to possess a 100 per cent. win record. Craigengower's Second Team, up till last Saturday, was the only other team to share this distinction with the Portuguese, but they lost to K.B.G.C. last week.

Recreio "B" will entertain Craigengower C.C. The Valley team should win, though I should not be at all surprised to hear that the Portuguese have sprung a surprise on their guests.

The K.C.C. with the taste of victory still in their mouths will be looking around for fresh victims. They will be visited by the Indian R.C. this week-end and though I think they will win, the Indians will put up a desperate fight to keep the position (second place) which they now occupy.

JUNIOR GAMES

In the Second Division, I expect only two home teams to win, Tai-koo R.C. and Kowloon Tong who will have as their opponents the K.B.G.C. and the Police R.C. respectively. The two away teams which should win are the Hongkong Football Club and Craigengower, the former will play against Civil Service C.C. and the latter the Kowloon Football Club.

In the Third Division, the H.K. Electric, full of confidence after defeating the strong Hongkong Football Club last week, should bring off another victory, this time at the expense of Craigengower. In the other three matches I forecast a win for all away teams. These three away teams are K.B.G.C., K.C.C. and Hongkong Football Club and they will oppose the Prison Officers' Club, Recreio and Kowloon Football Club respectively.

LAWN BOWLS NOTES:

Another Ninety Score By Taikoo Players

Kowloon Docks Turn On Police In Senior League Upset

(By "Jack Hy")

There were several scores of eighty and above in the Lawn Bowls League matches decided last Saturday. Following up their magnificent effort two weeks ago when they established the season's highest aggregate of 96 against the Hongkong F.C., Taikoo R.C. once again topped the ninety mark with a score of 91 shots against the Police.

Two Third Division teams, Kowloon and the Kowloon Bowling Green Club, scored 85 and 81 against the Kowloon Football Club and the Yacht Club respectively. In the First Division, the Kowloon Bowling Green Club scored 80 against the Civil-Service C.C. Curiously enough, all these big scores were recorded by Clubs which played away matches, with the exception of Taikoo.

The Kowloon Docks in the First Division astounded all critics by convincingly beating the Police by 23 shots on the latter's green last Saturday. The Docks had a very lean season last year, finishing up last but one in the League, if my memory serves, and they had done nothing of note this year up till last Saturday, the only point they had scored being the result of a tie with Recreio "B".

The week before the Indian R.C. had beaten them by four shots on their own green. With these facts in mind it is but natural to assume that they would lose last week, especially as their opponents, the Police R.C., would have the advantage of green. But the Docks have given scribes like me who had made a forecast to the contrary, the lie by beating their opponents in no uncertain manner.

Kowloon Docks have R. Morrison largely to thank for their victory. He scored 31 shots against J. Orem who could only manage nine shots in reply. Morrison was leading by 13-8 on the 12th head, but for the rest of the game, excepting the 17th head in which Orem chalked up one, he monopolised the scoring and scored 18 shots altogether.

H. G. Cooper ended his game two shots better than J. C. Fender, but J. C. Brown, who I see had again been given a rink to skip, went down to A. E. Carey by one shot.

I wonder how far the success of the Docks' team last week was due to the re-shuffling of two of their rinks. The Selection Committee thought, and rightly, that H. G. Cooper should have the same rink as the one that was so successful against A. R. Dallas the previous Saturday. But the other two rinks were re-shuffled, J. C. Brown displacing J. Kempton as skip.

C.C.C. SET-BACK
Craigengower suffered their second set-back of the season when they met and were defeated by the Kowloon Cricket Club on the latter's green by nine shots. The boy who brought home the bacon for the K.C.C. was E. C. Fincher whose win by eleven shots over E. Bass enabled his team to win; both the other "C.C.C." skips, E. Kerri and F. Goodwin went down to E. W. Bradbury and U. M. Omar by one shot each.

Recreio "A", playing against their fellow club-mates, Recreio "B" had matters very much their own way and won by 27 shots, which, curiously enough, also represented the number of shots scored by their "B". All their skips won.

The Civil Servants are still desperately trying to scrape their first point, but they have, so far, been unsuccessful. Last Saturday they lost to the Kowloon Bowling Green Club by 28 shots, only E. E. Strange winning the game. However, his victory by one shot over A. J. Hall was of no avail, as both J. Hollidge and J. Deakin went down rather badly to W. Macfarlane and A. M. Holland by 18-28 and 18-27 respectively. E. E. Strange has justified the faith placed in him by the C.C.C. selection committee when they put him in the position of skip.

"CHARLIE CHAN IN HONOLULU"

An event of major importance to all movie-goers will take place at the King's Theatre to-day with the first appearance of Sidney Toler in the role of Earl Derr Biggers' famous Oriental sleuth in "Charlie Chan in Honolulu."

A veteran of long experience on both stage and screen, Mr. Toler, you will doubtless recall, was selected to play the popular character only after an intensive search that required months of patient effort. Interviews with many of the leading names of films and the theatre, and literally scores of screen tests. The final choice, it may be said, could not have been better.

Toler, resembling the popular conception of the detective to a remarkable degree, nevertheless imbues the role with his own personality. The Chan witticisms fall easily from his lips and, in the enthusiastic appreciation of the audience, it is easily recognizable that 20th Century-Fox has found an able actor to carry on the great film tradition of Charlie Chan's adventures.

Phyllis Brooks, Sen Yung, Eddie Collins, John King, Claire Dodd, George Zucco, Robert Barrat and Marx Lawrence are featured in the case surrounding Toler. Collins in particular merits mention for several convulsing comedy scenes.

LABOUR DISPUTE SEQUEL

Mutiny On Ship
In Singapore

In response to distress rockets, S. O. S. signals and siren blasts from a ship, the Shenghwa, anchored in the Roads, Inspector H. P. Paulaine, of the Marine Police, with a posse of constables hurried to the vessel and found that there had been mutiny on board.

It is understood that there has been a labour dispute, which culminated in the Chinese firemen attacking Norwegian officers. The chief officer's head was broken by a blow from a bottle and the police, on boarding the ship, found him staggering aboard the deck. Supporting him was the quartermaster, who was also suffering from injuries.

To add to the confusion, the mutineers dislocated the lighting system, plunging the ship into darkness. Inspector Paulaine took into custody fifteen firemen and had the Chief Officer despatched to hospital. The Shenghwa, (4,894 tons) is owned by a Norwegian company but sails under the Chinese flag.

Firemen Charged

Fifteen Chinese firemen who were arrested were produced before Mr. C. H. Koh, in the Fourth Police Court, and charged with rioting on board and, secondly, with voluntarily causing hurt to the Chief Officer of a ship.

All the accused claimed trial.

HOLD THAT CO-ED

The new American fashion in medicine-show, electioneering, methods comes in for some uproarious ribbing in the 20th Century-Fox football comedy, "Hold That Co-ed," which opens at the Majestic Theatre, with John Barrymore as a budget-bouncing, co-ed-kissing governor who parks his handwagon on the campus and proceeds to make things hum.

Half satire, half farce, and all fun, the picture proceeds merrily on the theory that if circus tactics can win votes (as they seem to be doing nowadays), then a winning college football team could accomplish miracles at the polls for any political candidate clever enough to turn it to his own personal glory. It's a highly amusing idea, and from all advance reports

DOCTOR CALLS AUNTS A "MINOR PERIL"

Speakers at a conference in Edinburgh of the Scottish Association for Mental Hygiene did their best for children, Dr. David Yellowlees, of Glasgow, who attacked middle-aged prejudice, described aunts as "a minor peril," and Mr. Rex Knight, head of the Aberdeen University Psychological Department, advised mothers to avoid tying children to their apron strings.

Dr. Yellowlees declared that his experience at the Lansdowne Clinic for Functional Nervous Disorders—of which he is medical director—had forced him to the conclusion that "aunts are one of the minor perils of civilisation." An aunt could be a most delightful thing, he said, "but there were some aunts... Uncles seemed to be able to 'carry on' without much trouble.

Middle-aged people should remember that young people did not have a little sense and were only too ready to be guided at the right time and in the right way. The ultimate aim in dealing with young people must be to educate them for independence and freedom. They should be allowed to make their own mistakes.

Lectures To Parents

Dr. Yellowlees warned the middle-aged against the dangers of ruts, of fear, and looking backward. They must cultivate and preserve flexibility, faith, and a forward view. Getting into ruts meant in-

tolerance, irritability, a contracting, self-centred personality, and ultimately a kind of psychological suicide.

Mr. Knight suggested that, since an unsatisfactory home environment was one of the chief causes of children's difficulties, the Association might sponsor lectures, publications, and conferences which would interest parents in those facts about the psychological development of children which they should know.

Parents, he said, should be told about the harmful, far-reaching, and often surprising effects of parental discord, and the consequent conflict of loyalties with which it burdened the child. Night-terrors and other disorders often sprang from that cause.

Parents should become aware of difficulties brought about by unacknowledged and unsuspected family jealousy—the bitter feeling that a brother or sister is more successful or more loved or admired.

THIS GIRL INSPIRED A SONG

Theme song of the Home Fleet, "Wonderful" is written about the sweetheart of Stoker Sidney W. Woods, twenty, of H.M.S. Repulse.

Yet few of the men in the Home Fleet, including the composer, have seen her.

And the girl, Miss Bertha Triggs, of Carr-lane, Hoylake, Cheshire, didn't know until recently that she was "Wonderful"—the girl the Navy was singing about.

The song was born when Stoker Woods dropped the picture of her which he always carries.

Handing the photograph back to him, one of his shipmates remarked, "What a nice girl!" "Yes," said young Woods. "She's wonderful."

Wrote It In His Bath "I heard the comment, and it stuck in my mind," Petty Officer Bond said.

"I worked out the melody in my bath, and I regard this song as one of my best."

"Please make it clear that there is nothing romantic about my end of the business, I am quite happily married, and I just compose for the fun of the thing."

Here is the chorus:—"On, it's wonderful, holding you near. Bringing your lips to mine. I love you, dear. No other words could express. This feeling so thrilling—so new. It's wonderful, loving wonderful you."

Petty Officer Bond started writing songs in 1917 while serving on the China station. His early efforts met with small appreciation. They threw things at me while I sat at the piano," he says. "But I persisted and won out."

MR. 1950 WILL WEAR BLOUSE

Self-styled "man of 1950," Harvey T. Noyes, of North Easton, Mass. predicts revolutionary changes in men's dress within the next few years.

According to him the well-dressed man of 1950 will wear clothes primarily for comfort.

He created a great sensation when, putting his ideas into practice, he appeared in the streets of North Easton wearing a wine red satin blouse, a red corded silk ankle-length cape, lined with green taffeta and caught at the throat with a red band, trousers resembling medieval tights, and soft leather shoes with one lace which ties across the top.

Mr. Noyes predicts that this costume will be all the rage among men-about-town eleven years hence.

His ultra-modern wardrobe was hand sewn by his bride, who is also now completing a wardrobe for herself, based on the same futuristic principles, says British United Press.

"People laugh at me," he says, "but that doesn't bother me, because I feel just as much at home in my new outfit as I did in my other clothes."

In response to the appeal of Father V. Lebbe, naturalised Chinese citizen of Belgian birth, who is commander of the North China Field Service Corps, Gen. Lung Yun, Chairman of the Yunnan Provincial Government, has contributed \$15,000 for the purchase of medicine for the Chinese soldiers at the front. Father Lebbe, who arrived in Kunming recently to collect medical supplies, will fly to Chungking to-day. After staying for about a week in the war-torn capital, he will return to the front.

KING'S CADET MEMORY

In his reply to the speech of welcome by the Mayor of St. John's, Newfoundland, the King referred to his "happy memories of my last visit to the island in 1913 when I was a cadet in H.M.S. Cumberland."

This was at the end of a cruise which he made in the training ship, Cumberland. It included many islands in the West Indies and finished up with Canada and Newfoundland.

Prince Albert, as he then was, enjoyed the latter part of the cruise immensely, particularly the salmon fishing in Canada. Yet the omens had not been wholly favourable.

The Cumberland, after she left Devonport, encountered a January gale in the Atlantic. "All cadets miserably ill," the Prince's tutor recorded.

To-night Mr. Wei Tat will speak on "Some Thoughts on Ancient Chinese Wisdom" at the Lodge-room of the Theosophical Society (11 Chater Road) at 6 p.m. Mr. Wei Tat has been a student of ancient Chinese mysticism and culture for many years. All interested are welcome.

"But, Lord Henry, isn't this rather sudden? It was only last night that I chanced to catch sight of you in Regent Street on the roof of a taxi-cab, standing a farfare on what appeared to be a hunting-horn."

"Don't remind me of it, Meredith. If you only knew how I feel. Not a morsel of food has passed my lips since a brace of devilled bones at three p.m."

"I am indeed sorry to hear that, Lord Henry, but in all my long experience I have seldom known a hangover prove fatal. Are you not cognizant of Row's Lime Juice?"

"I think so, why?"

"Because the said Row's, whether taken as 'Gin and Lime' or consumed before bed, does, by virtue of its therapeutic properties, neutralise the after-effects of alcohol and render hangovers null and void."

"Is this true, Meredith?"

"I am speaking, Lord Henry, as your solicitor."

"Thank you, Meredith, from the bottom of my heart. You have given me fresh hope. Believe me, when I do come to make my will you shall not be forgotten."

FINANCE COMMITTEE: SUPPLEMENTARY VOTES TOTTALLING \$181,360

Supplementary expenditure totalling \$181,360 will be requested at the meeting of the Finance Committee which will be held to-day immediately after the Legislative Council meeting.

Under the head of Medical Department (Medicine and Instruments), a sum of \$70,000 is being asked to supplement substantially the expenditure on medicines and instruments owing to an increase by over 25 per cent. in the number of patients at Government Hospitals, and due to the added reasons that medicines have also to be supplied to refugee camps and that the prices of such supplies have increased.

LAUNCH FOR GOVERNOR

A supplementary vote of \$42,000 is requested under Harbour Department (special expenditure) to meet the cost of a new launch suitable for use by His Excellency the Governor as well as for other purposes. The immediate building of this launch has already received the approval of the Finance Committee.

SCAVENGING NEEDS

Under the head Sanitary Department, a supplementary vote of \$24,375 is requested for the purchase of five additional Refuse Lorries in order to improve the scavenging of the Urban District by the employment of 200 extra scavenging coolies.

A further sum of \$1,042 is requested for salaries for the drivers of these lorries.

TWO SOLDIERS BOUND OVER

Larceny Charge Conviction

Convictions on charges of larceny of \$15 against Private Stephen Vincent Ward and of larceny of \$24.40 against Private Louis Remer, both of the Middlesex Regiment, were recorded at Kowloon Court yesterday, when both defendants were bound over in \$50 each to be of good behaviour for 12 months.

Ward and Remer were ordered to pay back to the complainants, Tsui Tsat, a P. W. D. coolie, and Kwok Chan, the money alleged to have been stolen from them, or to undergo three weeks' and a month in prison.

TWO DISCHARGED

Private Arthur David Smith and Private Alfred Jenkins, also of the Middlesex Regiment, who had on the night of June 17 entered the ground floor of No. 14, Shum Chun Street, in company with Ward and Remer, where they are alleged to have posed as police officers and to have searched the persons of four men who were playing mahjong, were discharged.

Ward was accused also of having assaulted Tsui Tsat, but was not convicted on this charge.

Capt. Marsh, of the Middlesex Regiment, who watched the proceedings on behalf of the defendants, submitted that the larceny charge against Ward and Remer could not hold, as the former had 21 cents on his person, and the latter \$3.95 when searched at Mongkok Police Station.

They had drawn \$1 and \$5 on their pay, respectively, the day before, and it could be reasonably contended that the money in their possession was not stolen money.

SERVICE RECORDS

Capt. Marsh stated that Ward did not have a good service record, but that Remer's record was exemplary. Remer, when ordered to pay \$24.40 compensation to Kwok Chan, protested, denying that he had taken any money from Kwok.

Alleviation Of Distress

S.P.C. To Open Fifth Welfare Centre In Yaumati

At the monthly meeting held recently of the Executive Committee of the Society for the Protection of Children, the urgent need to open a fifth welfare centre in the Yaumati, or Kowloon City, district, was stressed.

The existing centres in Wanchai, Pokfulam Road, Argyle Street and Sai Yeung Choi Street, have proved of inestimable value in the alleviation of distress and in the guidance and assistance given to mothers and infants, and it is felt that the Society's work must spread to the two densely populated areas where it is hoped to establish the fifth centre.

The Hon. Treasurer was therefore empowered to investigate the possibility of securing suitable premises.

Generous Grants
The Chairman, Sir Atholl Macgregor, expressed the Society's gratitude for the generous grants received from the Jockey Club (\$1,500), The Hongkong Football Club (\$750), the Committee of the Kowloon Cup Competition (\$300), Messrs. Metro-Goldwyn-Mayer (\$310—part proceeds of a special performance of the film "Boys' Town"), and for \$500 from Mr. W. K. Y. Eu and Mr. Eu Keng-loon, who generously donated money gifts received on the occasion of their marriages.

The case report for May showed a total of 202 new cases, while no fewer than 1,228 cases were assisted during that month. The average monthly income per head was \$1.68, there being some cases absolutely destitute with no income whatever.

H.K. BANKS NOTE-ISSUING ORDINANCE

At to-day's meeting of the Legislative Council the Attorney General will move an Ordinance to extend for a further period the powers of the Chartered Bank of India, Australia, and China, the Hongkong and Shanghai Banking Corporation and the Mercantile Bank of India, Limited, to make, issue, re-issue and circulate notes. The Ordinance will be cited as the Note-Issuing Banks Extension of Powers Ordinance, 1939.

The legal powers of the banks in Hongkong to issue notes expire on July 12, 1939. It will be necessary at a future date to revise the conditions on which notes are issued, but meanwhile it is desired to enable the banks concerned to carry on as at present, and the proposed ordinance accordingly provides for the extension from time to time to the banks' powers of issue.

No Change of Policy.
The proposed new ordinance is concerned only with the machinery for the issue of notes, and will in no way affect the present arrangements for maintaining the exchange value of the Hongkong dollar by means of the operations of the Exchange Fund.

As recently stated, the Hongkong Government has no intention of making any change in present policy in that matter of permitting any variation of the present level of exchange beyond ordinary commercial fluctuations. The objects and reasons state that in the case of all three banks the note-issuing powers expire on July 12, 1939, and the object of this Bill is to extend the period for another twelve months, subject to a proviso enabling the Legislative Council to further extend the period by resolution, in the case of any or all of the said banks, for any period or periods not exceeding twelve months at any one time.

LEGISLATIVE COUNCIL MEETS TO-DAY

Sir Henry Pollock's Assessment Query

His Excellency the Governor, Sir Geoffrey Northcote, will preside at the meeting of the Legislative Council to-day at 2.30 p.m.

Under the item "Questions" on the Order of Business, the Hon. Sir Henry Edward Pollock, Kt., K.C., LL.D., pursuant to notice, will ask: Has the assessment for the year 1939/1940 been completed? If so, will the Government give the figures of the new rateable values as compared with those for 1938/1939?

The Financial Secretary will move the following resolution:—That the resolution relating to Widows' and Orphans' Pension Fund passed on the 1st day of June, 1938, be rescinded and that the following resolution be substituted therefor:—

It is hereby resolved that the resolution of this Council adopted on August 2, 1902, requiring that pensions paid in England from the Widows' and Orphans' Pensions Fund be paid at the rate of 3/- to the dollar shall not apply to any pension granted on or after June 1, 1938, except in special cases where the Governor in Council has deemed it equitable to sanction payment at that rate.

NEW LEGISLATION
The Attorney General will move the First, Second and Third readings of—

"A Bill to extend for a further period the powers of the Chartered Bank of India, Australia and China, the Hongkong and Shanghai Banking Corporation and the Mercantile Bank of India Limited to make, issue, re-issue and circulate notes."

The Attorney General will move the Second and Third readings of—

"A Bill to amend the Merchant Shipping Ordinance, 1899."

"A Bill to amend the Telecommunication Ordinance, 1936."

"A Bill to continue and amend the Sterling Salaries Conversion Ordinance, 1937."

"A Bill to amend the Naval Volunteer Ordinance, 1933, and provide for Naval Defence."

"A Bill to amend the Rating Ordinance, 1901."

"A Bill to amend the Dangerous Goods Ordinance, 1873."

"A Bill to amend the Pensions Ordinance, 1932."

A meeting of the Finance Committee will be held immediately after this meeting.

ANOTHER MOMENTOUS AUGUST?

THE AXIS POWERS are building on just the same sort of over-confidence that led the Central Empires to disaster in the former conflict. The situation grows graver and the single hope of saving it lies in the continued union on the side of the Democracies of moderation in counsel with power in arms.

MORE CLOSELY than ever, H.M. Government is having to face a dual task. On the one hand, they seek by fair discussion a practical remedy for any menace to peace; on the other, it is quite plain that, unless a determined stand is made against pressure, they will be pushed to the wall at all encounters and the Far Eastern tension is inseparable from the European situation.

THUS, it became a vital duty for the British Ministers to make new declarations on two points. The first is that no pressure on earth will induce us to forfeit our honour, surrender our security, or betray our friends. The second assurance to all concerned at home and abroad is that Britain is already strong enough to stagger any assault. The Foreign Secretary, Lord Halifax, recently dwelt once more on the choice before Europe; he repeated his conviction that the saving of civilization depends on relinquishing force and "reaching fair settlements by negotiation." But then the Foreign Secretary made another matter quite clear to the world. "If force is used," he said, "it will be met by force."

BOTH Sir Kingsley Wood's and Lord Chatfield's statements were impressive and convincing enough to cool the most imaginative advocate of the "knockout blow"—the sole hope of any antagonist. There is no complacency or boasting and much remains to be pushed on with all our might. This is especially the case respecting the manufacture of aircraft and all military equipment. True to type still, the temper of the British people is cool and indomitable and the "Battle of Nerves" has so far left no trace.

CANNOT Herr Hitler hold fresh counsel with his coolest advisers? Will the Reichsfuehrer return to his own original instinct in the matter and ask himself whether it is not possible that German policy to-day, instead of preparing unparalleled triumphs, is repeating the old mistakes? Extreme Nazis could not be more confident of overwhelming victory to-day than were the perfidious Germans in 1914. What is this theory of the Lightning war—the "Blitzkrieg"? It is

Hello & Goodbye

(BY A. W. HYER)

We might as well give up for half the Colony's attention in the next eight days will be diverted to the Queen's Theatre. Oh yes! The Marcia Show came to town yesterday evening in the President Cleveland, and they staged a preview right on the pier!

It was a good sized reception committee on pier one that met the sixty performers who arrived from two weeks' engagement in Manila. And indeed, they were worth meeting, there was variety galore, and every individual a compliment to the "troupe." Pan American Airways

CAPTAIN A. TURNER (first call on this route) put the China Clipper down on the bay waters at 2.30 p.m. yesterday.

There was an anxious and excited little boy who rushed from the plane, up the gangway into his father's arms, Mr. Robert Harper was the young air traveller. Papa is director of Wallace Harper & Co., Ltd. who, with the other members of the family, was at the airport to greet this youngster returning from school in Baguio. Little sister was indeed surprised when she spotted her brother in long trousers!

Returning from a week's visit in Manila was General Morris Cohen wrapped up in a "nifty" sharkskin suit and trying to keep cool with a "mopping towel," a fan and a panama.

A gentleman working for the number one American picture magazine (Life) arrived in our city from San Francisco by the China Clipper. Mr. Norman Lee, this photographing reporter is circling the world by air for his employers who will publish his journey in pictures. Out he flies on Friday morning by Imperial Airways to Bangkok, then transshipping to K.L.M. and continuing to Amsterdam.

One of Pan American Airways' Atlantic Clippers will land him home in New York City on July 11. And now he muddles the idea of a possible journey on the experimental flight of Pan American Airways in the early fall between San Francisco and Australia. Air France

CAPTAIN C. CORNIN put his Air France plane, Ville de Calcutta, down on the Kai Tak Aerodrome in a beautiful landing yesterday, at 2.05 p.m.

Dr. P. Lissner is thankful for planes but he will evidently be glad when he reaches Shanghai and life gets back to normal. This tall, fair gentleman completed a flying trip from Europe via Air France, and will continue by steamer, as soon as possible, to the North.

Mr. F. E. Firminger is on a business trip from Hanoi and Mr. and Mrs. E. E. Mogra also travelling from the Indo-China city are on a short pleasure trip which will take them to Kobe where their daughter will join them. s.s. Chitral

LEE YUEN STREET SHOOTING

A further remand until July 4 was granted by Mr. R. Edwards, at the Central Court yesterday, in the case in which Lau Man-chu, a Swatow Chinese, is alleged to have assaulted Chan Tak-chi, fook of the Sino-German Dispensary, with intent to rob, and with being in possession of a revolver and five rounds of ammunition, in Lee Yuen Street on June 5.

Detective Wan Man was shot as a result of the affray and died a week following the incident.

no new magic but a revival of the very fallacy which led to immeasurable disaster before. What was the Schlieffen plan but the theory of a Blitzkrieg on the mightiest scale? Similarly, the unlimited submarine campaign was a gamble on swift success, but it only brought the United States into the struggle. We do not under-estimate Hitler and the German people. We are not so foolish. But we have shown reason why they should beware of the systematic disparagement of Britain and her folk. Before the Axis Powers spurn the offer of equal negotiation and rush into war, let them think this theory of the Lightning war—the "Blitzkrieg"? It is

Imperial Airways

CAPTAIN J. N. WILSON (back on the job after his holiday) and First Officer J. A. Samuels brought the Denebola up from Bangkok on Monday at 4.40 p.m.

Dr. C. T. Wang was greeted by a group of friends on his arrival from London. The well known and popular diplomat who is Director for the Chinese Red Cross, has spent several weeks in England on business for the Government. However, before we could ask questions he was into a car and away.

The well-known merchant Abbas Kahn arrived on another business trip from Bombay. And two of the staff of Imperial Airways, Mr. E. K. Holtsworth and Mr. J. French arrived from England. Mr. Holtsworth, a superintendent engineer left London on six hours notice, he will inspect the planes and engineering work on the Hongkong to Bangkok service. Unfortunately, he did not bring any bright, new, shiny all-metal planes out in his pocket.

Speaking of plane, engineers, it is understood that Mr. J. W. Woodhouse has severed his connections with Imperial Airways and sailed for England. During the past six weeks this engineer has been stationed out at Kai Tak.

Captain L. J. M. White and First Officer J. F. Raeburn brought the Delphinus in from Bangkok on Monday at 5.15 p.m. There were no passengers, but 605 kilos of mail for the Colony.

President Cleveland

WEDNESDAY, 6.30 p.m. the President Cleveland was in from Manila.

Mr. and Mrs. A. B. Marcus, and their "song and dance troupe" of sixty just about filled up the restaurant about the south to Hongkong. All of them enjoyed the "ride" up and were happy to find our city offering cooler breezes.

Young Mr. Lucian A. Roake, Jr., closed his school books in Manila and called it a day on this education business. He returns home to Hongkong, where papa is an executive of the Standard Vacuum Oil Co., to enjoy his summer holidays.

The passenger list divulged a traveller in transit who is well-known from his twenty years residence in the Far East and Manila, none other than Mr. E. Schradieck, and "Hinsie" to his hundred-and-one friends. This tall American has just retired from the number one desk of the Standard Vacuum Oil Co. in Manila, and is on his way to the United States and John Hopkins Hospital.

Several months ago a golf game put this gentleman on crutches and, as his condition is still unsatisfactory, he will visit the infirmary. Many friends were down to say "hello" and "au revoir" to this "long-time Orient resident."

EXPULSION ORDER AGAINST GERMAN

An expulsion order was made against Alfred Aufeng, a German subject, when he appeared before Mr. R. Edwards at the Central Court yesterday, on a charge of entering the Colony without a valid passport.

Insp. D. H. Loughlin reported that defendant arrived on June 23, at mid-day from Swatow, by the s.s. Prominent.

Defendant pleaded not guilty, stating that he had no intention of coming to the Colony. He had been in Swatow for only two days, when he was instructed to go on board on account of the Japanese bombardment.

ALLEGED BRAWL IN YING KING RESTAURANT

Sailors, Soldiers In Court

DEFENCE TESTIMONY

Further evidence was given at the Central Magistracy yesterday before Mr. R. A. D. Forrest in the case in which seven British sailors and three soldiers are charged with causing damage to glass doors and windows and several articles in the Ying King Restaurant, to the total value of \$38, on June 1.

Frank Standish, 24, of H.M.S. Dorsetshire, said that he went with Thomas Stewart, of H.M.S. Duncan, to the restaurant about 1.10 a.m. on the night in question. He did not see any disturbance, neither took part in it.

Thomas Stewart, 21, also gave evidence stating that he was in company with Sullivan, Stanley, Wright, Cruickshank and McCall, when about 2 a.m. Morrissey came in and asked for another beer.

A CHINESE GIRL

Norman Wright, 33, of H.M.S. Duncan, stated that he went with Stewart, Cruickshank, McCall and a Chinese girl, to the restaurant to drink beer. At first they were served, but later the folks refused to serve them with more beer.

Hawkes said that he went to the place with McCall, Cruickshank, and a Chinese girl. They drank beer up to about 2 a.m., when someone suggested to leave the place.

Sullivan, of H.M.S. Duncan, also gave evidence.

The hearing was adjourned to July 12.

Det-Sgt. T. Cashman prosecuted, whilst Mr. F. X. D'Almeida, Jr., represented the defendants.

PARTNERSHIP ACTION.

Ship Dismantled Without Consent

In the Supreme Court yesterday, the Chief Justice, Sir Atholl MacGregor, gave judgment for Yim Ng-shan and Yim Kwan-yuen, who brought an action against Chin Chak-pui for an order of sale of partnership effects and for payment of amounts due to them under the partnership.

Mr. D. J. N. Anderson, instructed by Mr. C. A. Sutherland Russ, appeared for plaintiffs, defendant being neither present nor represented.

The action arose out of a partnership between the parties made in August, 1936, for operating the s.s. Man On between Hongkong and Wanchow, said Mr. Anderson. The ship was laid up for repairs here in January, 1937, but sailings could not be resumed on account of the hostilities.

Without Consent

Without consent of the plaintiffs, continued Mr. Anderson, defendant dismantled the superstructure with the intention of converting the ship into a lighter, and some time later also dismantled the engines and boilers and sold them.

Mr. Anderson also stated that since the writ was issued, one of the plaintiffs, Yim Ng-shan, had died in Wanchow.

The other plaintiff, Ng Kwan-yuen, in evidence stated that the ship originally belonged to defendant and was worth about \$15,000 in Chinese currency. He and his brother contributed \$5,000 towards the partnership.

Paid For Repairs

Witness said that he and his brother had to pay for the repairs to the ship in Hongkong. Defendant had promised to refund the money spent on the ship, but had not done so.

In giving judgment with costs for plaintiffs, His Lordship directed that the proceeds of sale lodged with the Court and that defendant should render an account within a month.

BRITAIN TO OPEN NEGOTIATIONS WITH TOKYO ON TIENTSIN BLOCKADE

Two Proposals Submitted By Japanese

LONDON, June 27 (Reuter)—Reuter understands that there is reason to believe that an announcement regarding the opening of negotiations with Tokyo over Tientsin will be made in London and Tokyo in the next twenty-four hours.

It is reported in generally well-informed quarters that Japan has submitted two proposals.—

FIRSTLY, that Tientsin should not be used for anti-Japanese intrigues by the Chinese; and

SECONDLY, that Tientsin should not be used as a base to support Chinese currency in opposition to the new Japanese currency.

It is understood that the British Government cannot accede to the second proposal, but that negotiations are beginning generally.

CHUNGKING, June 28 (Central)—The British and French Concession authorities in Tientsin have decided to ship vegetables from Tsingtao and Shanghai to relieve the acute shortage, states a Tientsin message.

Despite repeated Japanese declarations that there is no intention to halt food supplies, meat and vegetables have been constantly prevented from being conveyed into the Concessions.

POPULATION OF TIENTSIN
TIENTSIN, June 28 (Inf)—Latest estimates on the population of Tientsin, where the Japanese are operating a blockade against the British Concession, are as follows:—

Americans 350; British 1,185; French 250; German 150; Italian 100; Soviet Russians 200; White Russians 4,000; Poles 100; Belgians 21; Latvians 21; Portuguese 15; Rumanians 3; Filipino dance bandmen 20; Spanish hat-alai players 15; Swiss 20; Swedish 5; Turks 10; Estonians 5; Armenians 4; Hungarians 6; and Yugoslavs 3.

The British Concession has an estimated 40,000 Chinese and Frenchtown more than 70,000. Nearly half of the British women and children are believed to be at beach resorts. One third of the American women and children are spending the summer elsewhere.

HONGKONG PERSONALITY INTRODUCED

—MRS. F. M. LAW

Women to-day are definitely "going places" in the business world, and Mrs. F. M. Law, owner and manager of the local "Cameo Beauty Shop" is one of the modern, successful "tailors" in the Colony's commercial field.

This capable Chinese woman whose home and birthplace is Portland, Oregon, received her education in American schools. Growing up surrounded by the hustle and bustle of a busy American metropolis, the ambition to accomplish a successful niche for herself in the future was sown in her soul. And so she selected the profession of "personal beauty work" and began studying her chosen career.

After several years of learning the rights and wrongs of the "quest for beauty," Mrs. Law opened her own beauty establishment with her sister as partner, in Astoria, Oregon.

However, her life at this time was not all business and no play. Romance walked in the door, and

into effect. Now, to-day, six trained and graduated beauty operators serve the international clientele of Mrs. Law.

Every service from beautifying the toes to the top of m'lady's or man's head is offered in this comfortable, quiet and exclusive beauty establishment.

And do not get the idea that women patronize the "Cameo Beauty Shop" exclusively. Many are the vain males in our city who demand beauty services, and come to this shop.

Mrs. Law will tell you she is tired of it all and thinks she needs a long vacation, but honestly there is not one word of truth in it, she will eventually admit. At the end of this year or early next, this beauty expert will again travel to America for a personal visit to her family and friends besides another investigation into the new devices of the age-old beauty secrets.

Mrs. F. M. Law (D'Asis)

Mrs. Law stepped to the altar taking the promises of "love, honour and obey!"

In November, 1932, Mrs. Law, accompanied by her young daughter, visited Hongkong. It was her intention to educate her child here for several years. But her visit turned out to be a complete surprise, in that she commenced her beauty work in the Colony which, at that time, was sadly lacking in such facilities.

NEW VENTURE

Her new venture here was encouraged by many women residents, both Chinese and European, and she decided to open her own shop provided with every modern method and equipment necessary for "beauty and its makings."

Through her genial and interesting personality and capable fingers, Mrs. Law's business quickly expanded, the ledger figures were large and in black. Hongkong wanted a modern "beauty shop" and showed their appreciation.

In the year 1937, Mrs. Law enlarged her "Cameo Beauty Shop" in the Gloucester Building. Then she departed on a visit to the United States and home.

Little time, though she was gone six months, did the busy business woman spend with her family. Instead, she toured every large city from Hollywood up the west coast of America, inspecting the de-luxe and large beauty establishments.

IMPROVED IDEAS

When Mrs. Law returned to the Colony she was bursting, practically, with new and improved ideas, and some of these she quickly put

CREATION OF A VAST EMPIRE IN ASIA JAPAN'S REAL OBJECT: CHALLENGE MUST BE TAKEN UP

LONDON, June 28 (Reuter)—Gen. Sir Hubert Gough, in a letter to the "Daily Telegraph," declares: "It has been quite plain for several years to everyone who has kept in touch with the Far East, that Japan's aims are not limited to the political and economic domination of China. This is merely a first step.

NORWEGIAN CONSULATE SCENE

Four Indian seamen of the Norwegian steamer, *Utsire*, created a disturbance yesterday afternoon at the Norwegian Consulate-General, York Building, and had to be removed by the police.

Engaged at Calcutta, the seamen had signed a contract that they would themselves be responsible for their passage to India should they decide to sign off at any port.

The men signed off when the vessel arrived here, but wanted the captain of the *Utsire* to pay their fares back. They followed him to the Consulate, where they created a disturbance and refused to leave.

The police were called and took the men into custody.

NEW INSTRUCTIONS TO MOSCOW

LONDON, June 28 (Reuter)—It is learned that new instructions were despatched to Sir William Seeds, British Ambassador in Moscow, and Mr. William Strang, Britain's Special Envoy to the Soviet, yesterday evening.

This is expected to permit of a further meeting with M. Molotov this week.

EUROPEAN LADY HURLED TO BACK OF BUS

Mrs. F. E. Lawrence, wife of a Public Works Department officer, was badly injured yesterday when a bus in which she was travelling along the Castle Peak Road was suddenly brought to a standstill and she was hurled to the back of the vehicle.

The accident occurred shortly after noon. The bus, which was proceeding to Kowloon from On Long, slid into the gutter, and the driver, in order to prevent the vehicle from crashing down the embankment, applied all his brakes.

Mrs. Lawrence was taken to the Kowloon Hospital by a passing motorist and was stated last night to be quite comfortable. It is learned that she had only left the hospital a fortnight ago after an operation.

CHINA WAR NEWS:

JAPANESE WITHDRAWAL IN HUPEH: BIG BATTLE IN CENTRAL SHANTUNG

FANCHENG, HUPEH, June 28 (Central)—As a result of repeated Chinese assaults, the Japanese at Tienkiang, on the Han River, have started a withdrawal towards Tienmen, in the northeast.

Japanese communication lines near Tienkiang have been damaged by the Chinese.

CHENGCHOW, June 28 (Central)—Serious clashes between Chinese and Japanese forces in the vicinity of Laiwu, in Central Shantung, resulted in the defeat of about 100 of the invaders last Saturday, according to military despatches reaching here.

Chinese Advance

LOYANG, June 28 (Central)—In their rapid advance following their recapture of Yuanku, battle-torn town on the Shanghai-Honan border, Chinese forces have now reached Kaolochen, northwest of Yuanku.

The Japanese at Kaolochen have retreated towards Henglingkwan.

Serious fighting is reported to be raging in the vicinity of Wensi, north of Hsianhsien, where the Chinese are putting up stiff resistance against some 3,000 Japanese from Kianghsien in the east.

Plane Shot Down

CHAOYI, SHENSI, June 28 (Central)—While conducting reconnaissance, a Japanese scouting plane was shot down by Chinese units near Hungtung, on the Tantung-Puchow Railway north of Linfen, on Sunday. The three Japanese airmen were all killed and the machine was totally wrecked. Two machine-guns were retrieved by the Chinese.

It was learned yesterday that when H.M.S. Scout was entering Swatow harbour last Wednesday, she was signalled to stop by four Japanese warships, but proceeded without paying any heed. The Scout is commanded by Lt.-Cmdr. R. C. Simms.

FLEET AT SINGAPORE

"We can strongly reinforce our fleet in Singapore, because the combined British and French Fleets are able to safeguard interests in the North Seas and Mediterranean and still leave enough free to send a powerful squadron to Singapore."

"Additionally, every possible assistance should be offered to China to help her to organize her armies and to throw out the Japanese forces entirely from the country."

"Finally, the closing of the doors of trade with Japan, especially if America will join in it, would deliver her perhaps a mortal blow."

PEIPING, June 28 (Reuter)—The Japanese are reported to be preparing a declaration for some form of Federal Government in China on the Second Anniversary of the War on July 7.

According to a usually well-informed semi-political source, Wang Ching-wei flew from the Shanghai area to Tientsin, from where he was taken to Peiping, where he is expected to discuss his plans with Wang Keh-min and Wu Pei-fu, representatives of the Japanese-sponsored Nanking Government.

FOOCHOW LANDING IMMINENT

CONCENTRATION OF WARSHIPS

CHUNGKING, June 28 (Reuter)—The concentration of 18 Japanese warships, including cruisers, destroyers and transports, is reported off Foochow, where a landing is believed to be imminent.

All Government offices there have been evacuated as an attack had been anticipated for some time.

There is no confirmation that the Japanese have occupied Chaochow, but it is known that Japanese columns are advancing towards it.

U.S. REPLY

WASHINGTON, June 28 (Reuter)—The Japanese warning to all foreign ships and nationals to leave Foochow and Wenchow will be disregarded and Japan will be held responsible for any damage to United States vessels, declared a State Department official.

MESSAGES IN BALLOONS

SHANGHAI, June 28 (Reuter)—Japanese aircraft dropped messages in rubber balloons around Wenchow, urging foreign ships, including three British vessels, to leave the port by noon to-morrow.

BRITISH WARSHIPS

There are at present two British men-of-war at Foochow. H.M.S. *Duchess* was joined by H.M.S. *Darling* yesterday.

PASSENGERS LANDED

H.M.S. Scout yesterday landed passengers and mail from the a.s. *Seistan* at Swatow. The Douglas steamer had been held up outside Swatow harbour owing to the refusal of the Japanese to allow re-entry of ships.

The B. and S. liner, *Kwangtung*, is also outside Swatow, and it was learned that a similar procedure to land the ship's passengers would be made.

MARCUS SHOW HERE FROM MANILA

The President Cleveland had just arrived in the Colony from Manila at 6.30 p.m. yesterday when 60 shapely legs carrying 30 young women of the blonde, brunette and titian categories, tripped down the gangway to the pier. The Marcus Show had arrived!

The members of the general public down to witness the arrival of the American President Line steamer certainly gave the "show-girls" the once over, and there was plenty to see.

Good-looking, charming, unusual, and stunning young women gathered on the pier, their attire displayed fashion's latest commands which they wore in excellent taste and manner.

COOLER CLIMATE

Mr. and Mrs. Marcus, who guide these thirty dancing and singing ladies, expressed gay welcomes to Hongkong and the cooler climate; Manila was too hot.

This tour has been playing for the public's entertainment throughout the world. It has been over two years since they departed from New York City for Europe. In South Africa two musicians were added to their five piece orchestra and a girl to the chorus. Australia held the Marcus Troupe's attention for several months and here too, two new girls joined the "Show."

Through India and Batavia the "troupe" played, and have just finished two very hot weeks in Manila.

In the next nine days the Queen's Theatre will feature the Marcus Show, but what entertainment—well that would be telling! See it for yourselves!

SINO-AMERICAN INSTITUTE LUNCHEON

(Continued from Page 1)

Chairman's Speech

Sir Shouson Chow said:—"Your Excellencies, ladies and gentlemen.—This is the second luncheon party of the Sino-American Institute of Cultural Relations since its formation. At our meeting last month we had the good fortune to have Dr. Johnstone, Professor of Political Science at George Washington University, as our speaker. To-day we are even more fortunate. We have with us His Excellency Sir Geoffrey Northcote, who has graciously consented to speak to us. It is a great honour which we all deeply appreciate.

"We are also honoured by the presence of so many distinguished guests. As I look round I see my old friend Dr. Yen, former Ambassador to Moscow and also my old friend and colleague, Dr. Alfred Sze, former Ambassador to Washington and a few years ago representing the Chinese Government as Minister Plenipotentiary to the Court of St. James; also General Wu Teh-chen and Mr. O. K. Yiu, formerly Mayor of Shanghai.

"Then, as local magnates, we have the Chinese unofficial members of the Executive and Legislative Councils, and to all of them we offer our most cordial welcome. "I understand that there is a similar organization to ours being formed in Hongkong, known as the Sino-British Association of Cultural Relations, under the distinguished patronage of His Excellency the Governor. Some of our members have already joined this. Since the objects and aims of the two are the same, we cannot do better than to work together for mutual understanding and common good (Hear, hear). If I were invited to be a member I would be pleased to join up, and I hope my Chinese friends here will do likewise and follow my good example (Applause and laughter).

AID FOR CHINA

"I do not think it is out of place here for me to say that China in the past year has benefited immensely from assistance given her by Great Britain and America. At this present moment, when China is in her most critical period of national existence we need more than ever the true friendship and practical assistance of these two great nations, America and Britain.

"These two nations, in conjunction with other democratic powers, are endeavouring to preserve law and order and to uphold justice and fair play amongst nations so that other people may really enjoy 'Peace on Earth, Goodwill towards Men.' Let us hope that this peace movement will soon be realized, for the sake of humanity and civilization (Applause).

HIS EXCELLENCY

His Excellency the Governor said:—"Sir Shouson, Ladies and Gentlemen.—Mr. Benjamin Disraeli was once consulted by a member of the House of Commons whether he should make a practice of speaking in the House. The Prime Minister advised him against so doing, adding that it was better that people should wonder why he was sitting silent than why he was standing and speaking.

Possibly some similar wonder may have been in your minds at seeing a son of John Bull in a place of honour in this gallery of which Uncle Sam was the one half and China the other. If so, I hope that Sir Shouson's speech will have gone some way to explain the phenomenon. It certainly gave me much happiness to preside at the inaugural meeting of the Sino-American Institute of Cultural Relations, which is a sister of this honourable body whose grateful guest I am to-day, and I am not only proud of being patron of that Association; I am also very confident that it will be able to give good service to both Chinese and British interests.

For the very same reason I am happy to be in such intimate contact with the Sino-American Institute of Cultural Relations, for I am equally sure that this Institute will prove to be of very high value to the two great countries, from which its components hail.

ANGLO-USA UNDERSTANDING

Perhaps I ought to explain why that should make a 'Britisher' happy. During my life time I have read and heard hard things said of Americans by British and of British by Americans and I

Fines totaling \$400, or, in default, six months' hard labour, were imposed on Leung Chuen, 38 unemployed, when he was found guilty on three charges of possession of dutiable spirit and possession of duty-paid labels, issued by the Import and Export Department; retailing dutiable spirit in Percival Street; and possession of bottles of liquor bearing the forged registered trade-mark for "White Horse" whisky, by Mr. R. Edwards at the Central Court when the hearing was concluded yesterday.

Mr. O. E. C. Marton, representing Messrs. Jardine, Matheson and Co. Ltd., agents for the White Horse Distillers Ltd., withdrew the charge made by his clients.

The newly-installed traffic lights at the junction of Queen's Road East and Hennessy Road, where the bend in the road was recently eliminated, will shortly be put into use. have no doubt that the last hard thing has not yet been said between them. But for all that, as time went on, I have been clearly conscious of a growing-together between the two, of an ever clearer understanding of each other's point of view and of an ever truer realization of their common interests, and I believe that approach is quickening in pace as the years go by. I mention this propitious belief on this occasion because I believe that in no quarter of the world and vis-a-vis no nation in the world do citizens of the United States and of the British Empire see more identically eye to eye than in China and vis-a-vis the Chinese people.

So, as Patron of the Sino-American Institute of Cultural Relations, I not only thank you for the honour which you have done me in numbering me among your guests to-day; I also express my confident hope that that Association will always find itself marching side by side with the Sino-American Institute of Cultural Relations in order to secure the ideals which the three nations are proud to share. (Loud Applause).

MR. S. T. BITTING

Mr. S. T. Bitting, manager of the local branch of the National City Bank of New York, in a few words endorsed the sentiments previously expressed.

PAM BARTON
WEEPSWINNING TITLE
BRINGS STRAIN

LONDON, June 17.—Pam Barton, twenty-two years old, playing in her first big tournament after two years of illness, won the British women's Open golf championship at Portrush yesterday. Then she collapsed and wept with nervous strain.

Winner of the title in 1936, this time she beat Mrs. J. Marks 2 and 1 in a final that twice found her 4 up, yet finished on the 35th green.

Raven-haired Mrs. Jean Marks, wife of a Belfast linen merchant, and fifteen years her opponent's senior, came near to the title than any other Irishwoman for twenty-eight years.

Pam's longer hitting wrecked Ireland's hopes. Only once, at the second hole, was the English girl down. After that it was grand golf for twelve holes. She was 3 up at the sixteenth, took four to the eighteenth green, and finished the round 2 up, 79-81.

Mrs. Marks fought gallantly all the way, but excursions into the rough left her four down at the twenty-eighth. She won the next two, Pam missed a four-foot putt at the thirty-third, and was only one up with three to play.

A perfect four gave the English girl the next—and an easy half won the match.

U.S. ANXIETY
TO KEEP OUT
OF WARNeutrality Bill
Amendment

WASHINGTON, June 28 (Reuter).—The Government introduced its Neutrality Amendment Bill in the House of Representatives, which is faced with the prospect of an all-night sitting on it.

Introducing the measure, Mr. Bloom said that the administration did not intend to enforce any cast-iron principles and the Bill was open to any reasonable amendments and those who felt that it fell short of an ideal were invited to suggest improvements.

Warlike Measure. Mr. Hamilton Fish declared that the Bill was a warlike measure, which, in effect, allied the United States with Britain at a critical period.

"You cannot sell arms and ammunition to nations without ultimately getting into war," he declared.

Mr. Bloom retorted by reading Washington's Neutrality Proclamation of 1793, adding that the present Bill was founded on Washington's principles and that the administration shared Washington's anxiety to keep out of war.

D. M. BIGGAR,
Second Vice Pres.U.S. SILVER PRICE
PROBLEM

WASHINGTON, June 28 (Reu-
ter)—The best opinion amongst
members of Congress is that Presi-
dent Roosevelt will have to
accept the termination of the
dollar devaluation power and a
higher silver price if he wants to
retain the Stabilization Fund.

A strong coalition of 48 Sena-
tors is apparently determined to
block the entire Monetary Bill
if it returns from the House
without approval to yesterday's
Senate amendments.

COTTON MARKETING
CONFERENCE

LONDON, June 28 (BWS)—Ques-
tioned about invitations issued by
the United States Government to
the World Cotton Marketing Con-
ference at Washington in Septem-
ber, Mr. R. A. Butler told the
House of Commons that the United
Kingdom Government and the
Government of India had in-
dicated to the Government of the
United States their willingness to
participate in the proposed dis-
cussions, provided other major
cotton producing countries were
represented.

The Government of Sudan had
also indicated their willingness to
send a representative.

He understood that invitations
were also extended to Argentina,
Brazil, Egypt, France, Mexico,
Peru and the U.S.S.R., but infor-
mation was not yet available as to
whether any, and, if so, which, of
these governments had accepted.

BRITISH TRADE
PROPAGANDANew Council For
Publicity

LONDON, June 28 (Reuter)—
A National Council for British
Commercial Propaganda Over-
seas, which was formed with
an executive including repre-
sentatives of leaders of in-
dustry and commerce, held an
inaugural luncheon in London
yesterday.

Lord Sempill, the President,
describing the objects of the
organization said that British
industry lacked sympathetic re-
presentation abroad in the form
of propaganda or publicity and
their efforts would be devoted to
present the case of British goods
to other nations in a dignified
way.

Special Journals

The Council will publish special
journals and press matter of the
countries covered.

The Secretary for Overseas
Trade, Mr. R. S. Hudson

was present at the luncheon and
expressed his sympathy with the
objects.

It was subsequently stated that
the Prime Minister had been
asked to receive a deputation and
it was gathered that the Council
was anxious to stress the destruc-
tibility for completing as quickly
as possible the Anglo-Russian Pact
and for instituting effective
measures to deal with the Far
Eastern situation.

MOTOR CAR
TAXATION
IN BRITAINBUDGET PROPOSALS
TO REMAIN

LONDON, June 28 (Reuter)—
Stading firm on the Budget
proposals to increase the
motor car horse-power tax, Sir
John Simon, Chancellor of the
Exchequer, in the House of
Commons yesterday, met
critics who declared that the
higher taxes would affect
Britain's car exports by offer-
ing to consider a new horse-
power formula for taxation
purposes.

Sir John Simon suggested that
the present formula tended to
produce an engine, the main pur-
pose of which was to avoid taxa-
tion and which might not be
suitable for the foreign market.

Concessions Wanted

The Government supporters
were prominent among those
pressing for concessions.

Mr. J. Henderson Stewart
(Nat. Lib.) emphatically an-
nounced that he would not
use his car from January to
March. "There will be thou-
sands and tens of thousands
like me," he declared.

Sir John Simon refused to ex-
empt cars over a year old from
the proposed increase.

BIGGEST BOOM
ON THE WAY

Lord Riverdale, formerly Sir
Arthur Balfour, one of the out-
standing figures in the Sheffield
steel industry, told the British
Standards Institution in London
on June 15 that he believed we
were on the verge of one of the
biggest expansions of international
trade the world had ever known.
"All that is lacking is con-
fidence," he said. "Invention is
here, scientific research is here,
we have the finest productive
plant in this country, and all
ready to do business if we can
only get confidence."

Mr. R. S. Hudson, secretary of
the Department of Overseas Trade,
spoke of the importance of stan-
dards, and said the mind bogged
at what might happen if they were
omitted from sport.

"I am not sure that a rabbit like
myself would not be tempted to
resume the game of golf," he said.
"If I could play on a course which
had decent holes instead of the
ridiculously small ones at present
provided."

SUGAR COUNCIL
ALLOCATIONS

LONDON, June 28 (BWS)—The
President of the Board of Trade,
asked in the House of Commons
what proportion of the additional
153,000 metric tons of raw sugar,
which was allocated to the British
Dominions and Colonies at the re-
cent meeting of the International
Sugar Council, would come from
the Dominions and Colonies, res-
pectively, replied that the Colonies
share of the total was 110,365
metric tons, and that of the
Dominions 42,900 metric tons.

CZECH GOLD
TRANSFERLABOUR MOTION
REFUSED IN HOUSE
OF COMMONS

LONDON, June 28 (Reuter)—
The House of Commons, by 196
votes to 125, refused Mr. G. R.
Strauss (Lab.) permission to in-
troduce a bill called the Bank of
England Compulsory Consulta-
tion Bill, the purpose of which
was to make it compulsory for
the Governor and Directors of
the Bank of England to con-
sult with the Government on
financial matters affecting na-
tional interests.

Mr. Strauss explained that his
action in presenting the Bill
arose from "the deplorable affair
of the Czech gold transfer to
Germany."

S'HAU FINANCE
IMPROVES

CHUNGKING, June 28 (Central)—
A Shanghai message stated that
the deflationary effect exerted by
the restrictive measures announ-
ced by the Ministry of Finance
has promptly curbed the unscrup-
ulous manipulations of specula-
tors and restored confidence and
ease in the financial market.

There are indications that gold
bar and foreign exchange will be
further eased. Already commodity
price in Shanghai has registered a
drop and a sense of security is
gradually returning, the message
remarked.

Bills are freely discounted by
the Shanghai Bankers, and Native
Banks' Reserve Board, while large
numbers of advances have already
been made to various individual
banks and cash shops.

S.P.C.A. ANNUAL MEETING

Continued From Page 1

suffering. Our essay competition too plays a most valuable role. Our report has been honoured by being made the subject of a leading article in the local press.

Another milestone in the year's progress was marked by the first dog show at St. John's Place. It was a grand show, and must have been a revelation to many who doubted whether there were many good and really well cared for dogs in the Colony.

Every credit is due to those who organised and ran the show, and our thanks are abundantly due to them for a generous donation of \$1,000 which was received too late for inclusion in the accounts of the year. For every reason we hope that the show will become an annual event.

Our Dogs' Home has continued its work under very difficult circumstances, and our thanks are due to Mrs. Loseby for all that she has done and is doing. The Home showed an excess of revenue over expenditure of \$687, but it is only fair to remind you that substantial repairs are overdue, and that we cannot expect to show any such figure of profit next year.

MORE SUB-COMMITTEES

During the year an Executive Committee of the General Committee has been established and has done valuable work. Our General Committee is a large one and meets only once a month. In the nature of things therefore it cannot adequately and promptly deal with all the problems which arise and usually call for immediate action. In the coming year therefore, it is proposed to set up a number of sub-committees to deal with the different branches of our activities, empowered to take executive action at their discretion, but bound at the same time to report to the General Committee.

We have been fortunate too in obtaining the services of a whole

ENGLAND WIN FIRST TEST BY 8 WICKETS

Headly Scores Another Century

LONDON, June 28 (Reuter).—England beat the West Indies decisively yesterday in the First Test match by eight wickets.

George Headly, the West Indian "Bridman," who scored 106 in the tourists' first innings of 277, knocked up another century yesterday when he scored 107 in the West Indies' second innings which realised 225 runs.

England declared at their overnight total of 404 for five wickets this morning on the third day of the First Test against the West Indies, holding a lead of 127 runs on the first innings scores.

At the lunch interval the visitors had lost three wickets for 117. Stollmeyer and Grant opened the second innings of the visitors, and without a run being scored Stollmeyer was caught by Verity off Copson.

Lively Cricket
Headly and Grant made matters lively until 42 was reached, when Grant was bowled by Bowes. The retiring batsman contributed 23.

Sealy joined Headly and the partnership produced 63 runs, when the newcomer, who had made 29, was caught by Wood off Copson.

Weekes was next man in and he had six runs to his credit at the

lunch interval, Headly being 54 not out, and the total 117 for 3.

Headly played like a master and he, with the other players, stood up extremely well in a grand fight against the strong England attack. Copson was the most successful England bowler with four wickets for 67 runs, while Wright had three for 75 and Verity two for 20.

99 To Win
Requiring 99 runs to win, England opened once more with Hutton and Glimblett. When 35 had been put on, Hutton was bowled by Hylton after making 16, and four runs later Glimblett had his stumps disturbed by Martindale.

The Somerset man had made 20. Then Faynter and Hammond became associated in a partnership which made up the necessary runs for victory. At close of play, with the total 100 for two wickets, Faynter had 32 not out and Hammond 30 not out.

LAWN BOWLS NOTES

Continued From Page 2

The other two C.C.C. skips, M. A. R. Souza and W. K. Way, lost to G. E. Thompson and J. G. Meyer respectively by 21 shots all round.

I had rather expected the Kowloon Footballers to carry off the honours in their match against the Civil Servants at the Valley and had made a forecast to that effect; in these columns last week, but the fact that they were playing away proved too much for them and they lost by three shots.

However, judging by the closeness of the scores, the Footballers must have gone down fighting to the last. Though V. Chittenden won for them by one shot against S. Eccleshall, the other two Civil Service skips proved to be their stumbling blocks. W. R. Hillyer beat W. Field by 21-20 and W. Bagley won with three shots to spare against T. Ferguson.

THIRD DIVISION
Three away teams won their matches in the Third Division, the only exception being the Hongkong Electric who beat the Hongkong Football Club in a thrilling game by one shot.

For the second week in succession, the Hongkong Footballers, who had won all their matches up to the Saturday before, met defeat. It must be admitted that they had tough luck (no disparagement to the Electricians) to lose by only one shot when two of their skips were actually up. But both V. Walker and H. E. Peggs' win by eight shots over S. Deacon and L. de Rome respectively just failed to make good J. Russell's defeat by nine shots at the hands of J. K. Sloan.

At Stanley, Recreio had a narrow squeak in their match against the Prison Officers' Club, having only five shots in hand at the end of the game. The other two teams playing away won their matches comfortably, the Kowloon C.C. beating the Kowloon Football Club by 85-34 and the Kowloon B.C.C. overcoming the Yacht Club by the scores of 81-44.
